Hi Samantha,

Yes, you're good for tomorrow. Can someone please pick it up by 4:30pm?

Sahag

Hi Sahag.

Still need a confirmation for tomorrow.

I have three other mics, but I need yours and the PA and the desk.

Do you happen to know how many line in's there are for mics on the desk?

I think I remember that there are four, but I wanted to confirm.

I thin I will pick up the stuff in the morning, just so I can make sure everything works, I couldn't work it out last time and we plugged the mic straight in to the PA, which worked with one mic but wont' with 4.

Can you also check to see how many XLR leads you have, I think you had more than one in the bag...I need to make sure I have enough....

Let me know please!!

Samantha

Hi Sahag

Just confirming that I have the PA and desk for Thursday, as well as the mic do you have any other mics?

If not, do you have a resource for them?

Otherwise I will rent some...

let me know though!

Thank you!

We are expecting a big crowd this week!

Samantha
